

## MARIBEL INTERNATIONAL FZE

### MARIBEL – AL MAHA, AVIATION GROUND HANDLING SERVICES

Maribel's partner companies Messer's, Al Maha together with Safari Qatar Services are an African provider of passenger, ramp and cargo ground handling services.

Through a combination of organic growth, and collaborative partnerships and in the development of niche opportunities, we have established ourselves as a major force in the international ground handling industry. Our

primary focus is on Africa and in the many opportunities that are available in the ground handling and servicing sector.

Our commitment is in delivering a consistent and reliable operation and service, focused on meeting the needs of Airport Authorities and our Airline customers, is at the centre of everything we do.

Our services include: The design and build of terminals and its many functions on a turn-key basis, upgrade and revamp facilities at airports, ground handling services, supply of operational equipment, to include –

airside passenger transfer buses, medical transport units / medical lifts , baggage handling-loading and unloading and passenger baggage belt systems, Catering/Cabin cleaning trucks, toilet and water service trucks, Airport fire monitors, Runway rubber removal and white line cleaning/removal equipment, aircraft push back tractors and tugs, Airport lighting and security and CCTV systems, to include baggage, passenger X-ray systems and other operational equipment.

In addition to our extensive range of products, we can offer tailor made specific required Airport operational requirements.

We are committed to improving our processes and
